

# Indicative 2017 Harvest Plan Northern Supply Zone

The map depicts the gross area within which native forest harvest planning is proposed.

- Legend**
- New 2017 areas (Jarrah or Wandoo dominant)
  - Areas continuing from 2016 or earlier plans (Jarrah or Wandoo dominant)
  - Areas within which operations associated with mining clearing may occur
  - State forest and timber reserves
  - SHOTTS Hardwood forest block boundary
  - Regional boundary
  - Supply Zone boundary
  - Compartment number
  - Town
  - 500 hectares (area guide)

- Notes :**
- Gross coupe boundaries only are depicted. Within these boundaries detailed planning would exclude from harvest a network of areas. The actual areas harvested to a range of silvicultural objectives would therefore be less than the areas shown on this map.
  - Areas depicted as continuing from 2016 or earlier plans are as expected on 1st October 2016.
  - The extent of State forest and timber reserve depicted on this map is as proposed, or progressed in the *Forest Management Plan (2014-2023)*.
